## **Letter from the Director**

On behalf of the Board of Directors, I would like to introduce you to the Brownfield Chamber of Commerce. Allow me to take a moment and tell you about our organization, what we do and how our programs work to promote business.

### **Who We Are**

The Chamber is a voluntary group of individuals working together for a common cause: advancing the commercial, industrial and civic interests of the City of Brownfield and its trade area. The Chamber is governed by an established set of by laws and led by an elected Board of Directors. My staff and I work to implement and manage the program of work approved by the Board each year.

### **What We Do**

The Chamber works in a variety of areas. It hosts the Visitor Information Center which makes community information available both in the lobby and online for motels, eating establishments and points of interest. The Chamber also hosts the annual Harvest Festival to promote community fund raising efforts and attract tourism each year. Working closely with the City of Brownfield, the Chamber works to support projects that will enhance the quality of life, beautification and economic development.

### **Promoting Business**

We want our citizens buying from our local businesses in order to preserve and develop Brownfield economy. To promote this, the Chamber publishes directories both in print and online. There are additional resources members can take advantage of as a member of the Chamber. Why would you want to be a member? Simple: we reinvest our resources back into the community to promote business growth, not individual gain. Your membership is an investment both in your business and the future of Brownfield.

I hope you'll consider joining the Chamber to support our development efforts and take advantage of our value added benefits. Feel free to contact me or my staff if you have questions about Chamber membership.

Thank you,

Lorena Valencia  
Executive Director
